

NORDIC'S **No.1** LIQUID COLLAGEN

UNAVOIDABLE FACTORS ACCELERATING OUR COLLAGEN LOSS

- UV Exposure
- High Sugar Intake
- Stress
- Pollution
- Sleep Deprivation

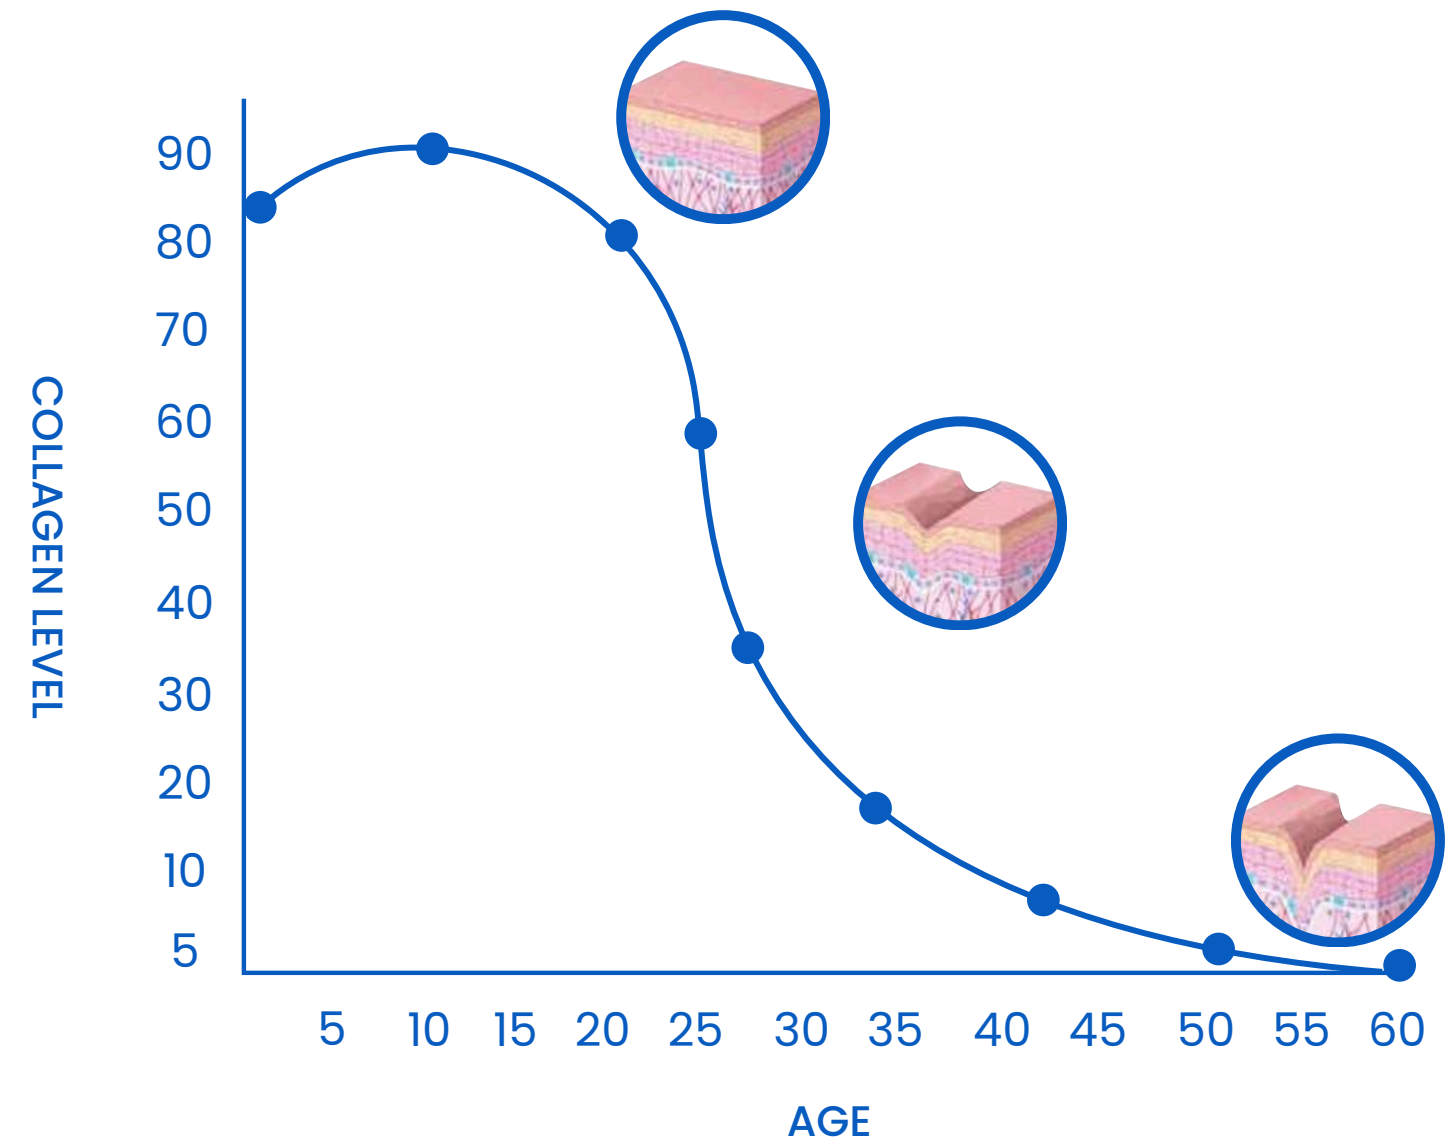

COLLAGEN LOSS THE VISIBLE SIGNS OF AGING

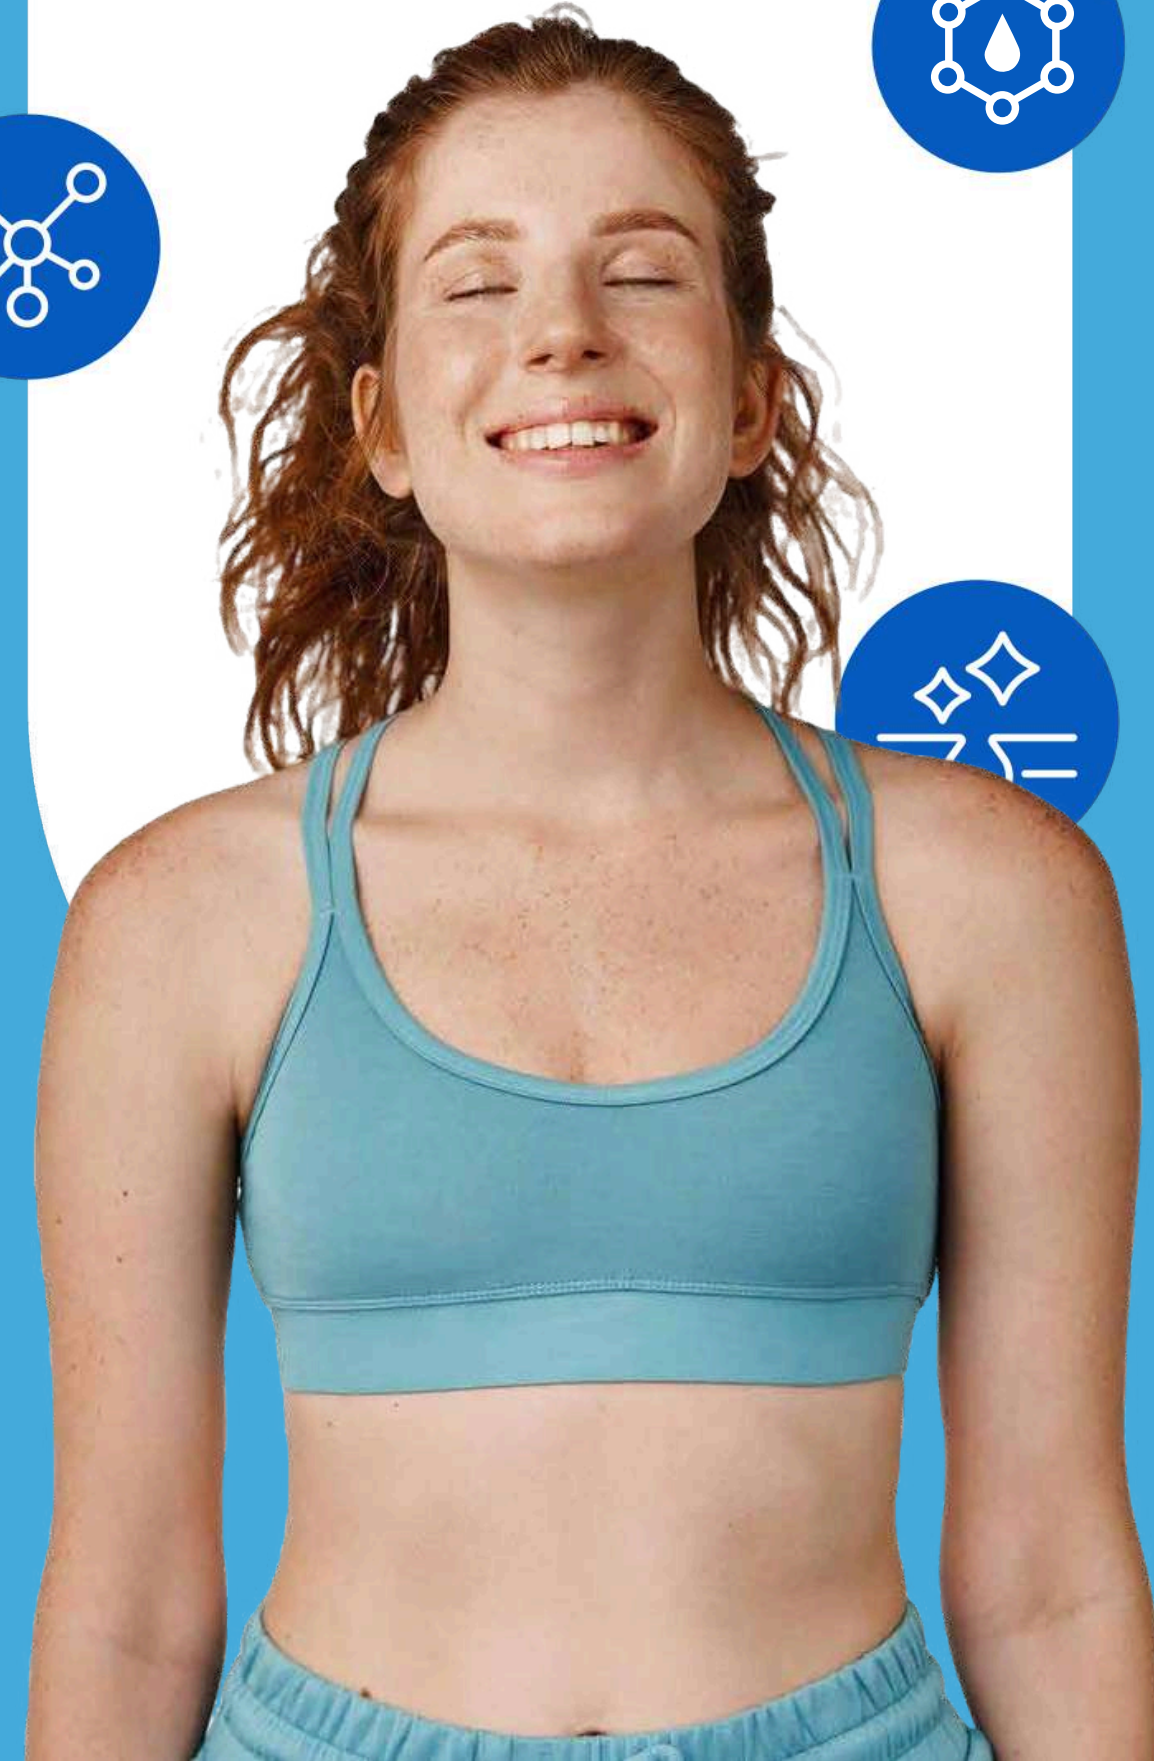

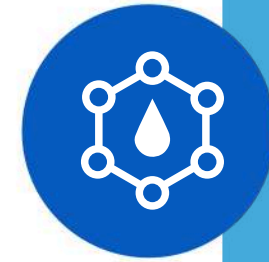

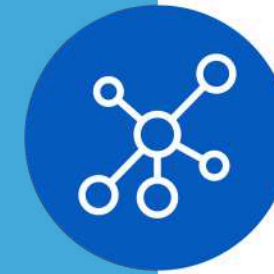

Collagen, an essential protein that makes up 30% of the human body, maintains the structure of our skin, hair, nails, and joints. With age, collagen production decreases, causing wrinkles, sagging skin, and joint pain.

WE LOSE AROUND 1% OF OUR COLLAGEN EVERY YEAR

By the time we reach 50, we have almost 30% less collagen than we did in our 20s, and by the age of 70, this number increases to almost 50%.

Marine Collagen

Vitamin C supports collagen synthesis in the body.

Silica provides silicon, a trace mineral essential for the formation and stabilization of collagen in the body.

Hyaluronic acid has the remarkable ability to hold up to 1000 times its weight in water. It helps boost collagen production, enhance collagen absorption & skin hydration. Providing a gel-like matrix that organizes and stabilizes collagen fibers.

Vitamin D encourages cell renewal, strengthening the skin barrier, providing antimicrobial defence, and reducing inflammation.

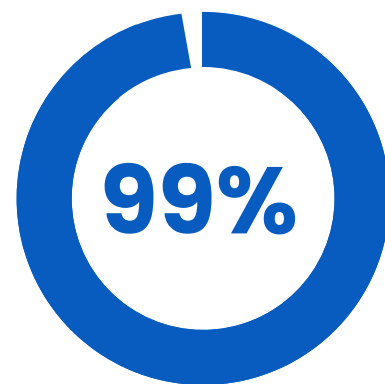

Selenium protects against oxidative stress, preserving collagen and elastin, reducing inflammation, and promoting skin immunity.

FAQ?

Does it contain sugar?

Our liquid collagen is SUGAR FREE. Its natural berry flavour provides a fruity and subtly sweet taste. If you find it too sweet, feel free to dilute it with water or mix it into other beverages to customize the flavour to your liking.

What results can I expect from this product?

Through our clinically tested collagen products participants experienced improvements in skin hydration, elasticity, brightness, as well as a reduction in fine lines in as short as 4 weeks and further improvements within 8 weeks. Additionally, the clinical studies results showed improvements in hair and nails.

Does it contain any common allergens?

Our liquid collagen does not contain soy, egg, nuts, lactose, dairy, or gluten. Please note that it contains fish, so it is not suitable for individuals with fish allergies.

How to store it?

Store at room temperature and out of direct sunlight. Refrigerate after opening.

Does it contain fat? Can I take it during my weight management journey?

Our liquid collagen is fat-free, making it a great choice for daily use, even during weight management. Collagen is a high-quality protein source that can help increase feelings of fullness, which supports your weight management goals.
